

ASTEC

Leading Medical Society
**rheumatology and
musculoskeletal
professionals**

Challenge

- ▷ Existing problematic legacy exchange email environment
- ▷ Presenting regular issues with erratic email delivery and calendar synchronization.

Journey

- ▷ Launched a thorough investigation into their current email environment
- ▷ Collaborated closely with business to identify potential risks and gaps
- ▷ Proposed and built a new email cloud platform
- ▷ Performed implementation out of hours to minimise business impact
- ▷ Extensive post-migration testing, support & analysis including a dedicated training & hand over period

Outcome

- ▷ Improved email speed and functionality leading to increased productivity
- ▷ New environment is scalable and can adapt to business growth allowing for greater security and stability
